Revised general guidelines regarding the form and contents of reports to be submitted by states parties under articles 16 and 17 of the International Covenant on Economic, Social and Cultural Rights

1. In accordance with article 17 of the International Covenant on Economic, Social and Cultural Rights, the Economic and Social Council, by its resolution 1988 (LX) of 11 May 1976, established a programme under which the States parties to the Covenant would furnish in stages the reports referred to in article 16 thereof and the Secretary-General, at the Council's request, subsequently drew up an appropriate set of general guidelines. In response to the recent introduction of an entirely new reporting cycle and in the light of various perceived inadequacies in the approach reflected in the original guidelines, the Committee on
Economic, Social and Cultural Rights, at its fifth session held from 26 November to 14 December 1990, adopted new guidelines.

2. The guidelines are intended to facilitate the preparation of reports by States parties. By following them as closely as possible, reporting officers will minimize the risk that their reports are deemed to be inadequate in scope and insufficient in detail. The guidelines also provide a uniformly applicable framework within which the Committee can work and enable it to demonstrate a consistency of approach from one report to another. They are also designed to reduce the amount of duplication of information requested by the various treaty bodies.

3. In adopting the revised general guidelines the Committee emphasized the importance of ensuring that the issues of principal concern were dealt with in a methodical and informative manner and strongly urged all States parties to adhere to them as closely as possible.

4. The text of the revised general guidelines is contained in the annex to the present document.
